XILINX INTRODUCES SHAREHOLDER INFORMATION SERVICE

SAN JOSE, Calif., February 26, 1996 -Xilinx, Inc., (NASDAQ:XLNX) announced a new electronic information service for shareholders providing current stock price, trading volume information, quarterly reports and the company's latest news releases.

To access the information system, dial **1-800-836-4002** twenty-four hours a day. After a welcome greeting, stock information including the current price and volume is given followed by a menu of options. The caller has the ability to scan the latest news release headlines, listen to the main points of the release and leave a fax number or mailing address to receive the information requested.

"In an industry changing as rapidly as ours, investors are seeking more information on a timelier basis," said Maria Quillard, manager of investor relations. "This new service will give our shareholders access to valuable, up-to-the-minute information about the company."

Founded in 1984, Xilinx is the world's largest supplier of programmable logic solutions comprising industry leading device architectures and world class design software. Headquartered in San Jose, Calif., the company pioneered the market for field programmable gate array (FPGA) semiconductor devices that provide high integration and quick time-to-market for electronic equipment manufacturers in the computer peripherals, telecommunications, networking, industrial control, instrumentation, and high reliability/military markets.
